Contact address:	Tracklisting:
Contact phone no.:	
Contact email:	
Band website:	
Band members:	
	Approx duration: mins
Other information:	
Area of interest (delete as applicable): Record contract / Management / Publishing	

Guidelines for submitting a demo:

union black are constantly looking for new artists and actively encourage demo submissions. There are no specific genre requirements, but you must fall within the remit of Metal or Extreme music.

EVERY demo we receive is listened to but, due to the number that are submitted, we simply cannot answer each and every band and will only respond to those bands we are interested in signing.

Please follow these guidelines if you wish to submit a demo recording:

- we accept all forms of audio media (e.g. CD, cassette, minidisc), but if sending video please ensure it is either digital or VHS-PAL
- do NOT send mp3 or other digital files by email unless requested, they will be ignored. If you wish to submit files in this format, put them on a disk and send them in the post
- ensure that you include contact details, and that the band's name is clearly visible on the demo itself (accompanying letters can be lost)
- if possible, a brief biography and some photos are appreciated but a full press kit is not essential
- let us know if you have any live dates lined up - we might want to see you live
- please ensure parcels are clearly addressed and marked fao 'A&R'
- we accept any unsolicited demo material that follows these guidelines
- do NOT write/email/phone/etc. to check that we have listened to your demo – we are sent hundreds of demos and cannot respond to everyone! However, unlike most, we DO listen to everything we are sent. If we want to speak to you, we will be in touch!

Demo submissions should be sent only to the following address:
